CITY AND COUNTY OFFICIAL PAPER

FREE COINAGE 16 to 1

For President and Silver:
W. J. BRYAN, of Nebraska.
For Vice-President.
ARTHUR SEWALL, Maine.

UNDER WHICH FLAG?
"We are unalterably opposed to the single gold standard. We demand the immediate restoration of the free coinage of silver to 16 to 1, without waiting for the aid of any other nation. We demand that the world, which we pledge ourselves to be a full legal tender, equally with gold, for all debts, public or private, and we favor such legislation as will prevent the de-plateau, St. Louis, June 18, 1896.
"We are unalterably opposed to every measure calculated to debase our currency or impair the credit of our country. We are therefore, of gold and silver to the free the present legal ratio of silver except of 16 to 1, without waiting for the aid of any other nation. We demand that the world, which we pledge ourselves to be a full legal tender, equally with gold, for all debts, public or private, and we favor such legislation as will prevent the de-plateau, St. Louis, June 18, 1896.
The goldbug crew have decidedly rough sailing in Arizona this fall. They will be swamped on November 3rd.
"Our Mark's" election is certain. Wherever he goes throughout the territory he is warmly received. Our Mark and silver are the magic words which startle the enthusiasm of the people to boiling.
Delegates to the convention began to arrive yesterday, and by today many McKinley buttons were visible on the streets, and it began to look as if a resolution supporting the St. Louis platform was among the possibilities. The Republicans of Cochise county and many were the comments on the fate of the party in the event of such action.
We lay down the proposition that the more money there is in the country, the easier it is for any person who has something to sell to get his share of that money. Our opponents plant themselves upon the doctrine that the less money the whole people have the more money each individual will have. That is a mathematical proposition which you cannot find in any arithmetic, but it seems to be the proposition upon which Republican financiering is based.—W. J. Bryan.
Two Lives Saved.
Mrs. Phoebe Thomas of Junction City Ill., was told by her doctors she had consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery cured her, and she says it saved her life. Mr. Thos. Eggers, 139 Florida St., San Francisco, suffered from a dreadful cold, approaching consumption, tried without result everything else then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results of which there are samples that prove the wonderful efficacy of the medicine in coughs and colds. Free trial bottles at Tombstone and Bisbee drug stores. Regular size 50c and \$1.00.

The National Matte Smelter.

A practical and simple method of matte smelting sulphide ores, such as nickel, copper, gold and silver ores. In localities where lead ores and fuels are scarce and almost unobtainable, our pyritic, water jacket Matte Smelter has been recognized with highly satisfactory results, and has been thoroughly tested on various pyritic, sulphide and arsenide ores, in capacity of a 20 ton per day. It is the most practical, cheapest and simplest method of gold and silver ore matting and concentrating that is known today.

It requires no extraordinary skill, no lead ore, no fluxing material, and no fuel of any kind for the smelter after it is started. The sulphur in the ore is its natural fuel only, and its cost has no comparison with any other process of concentrating.

We are prepared to furnish any size or capacity plant complete to substantial mining people, set it up and furnish our men to run it for them on easy payments. Price and specifications furnished with references and testimonials on application.
